

## Model # 42-8 Table/Chair Storage Truck

### Assembly Instructions

The National Public Seating 42-8 Table/Chair Storage Truck has been upgraded and is now even more functional than before — with your safety in mind. Now stores up to 42 Folding Chairs and 12 Folding Tables with included bungee cords for stability and safety when your unit is fully loaded.

**ASSEMBLY TIPS :** All assembly should be done on a clean protected surface, such as carpet or the like. Assembly is easy and should take no more than 10 minutes.

**ASSEMBLING THE UNIT :** (See other side of sheet for assembling unit with Optional EXT-8 extender bars )

STEP 1) Make sure that there are NO missing or damaged parts.

STEP 2) While holding up one of the side “T” bars (Part A), bolt one crossbeam (Part C) into the middle set of holes. NOTE: This set of holes has three holes. Use either the two lower or two higher ones for installation.

STEP 3) Take the other side “T” bar (Part A), and bolt it to crossbeam (Part C) in the middle set of holes. NOTE: This set of holes has three holes. Use either the two lower or two higher ones for installation.

STEP 4) Take the chair rack (Part B) and bolt it to the top sets of holes on both side “T” bars (Parts A).

STEP 5) Finally, bolt crossbeam (Part C), into the bottom sets of holes on both side “T” bars (Parts A).

STEP 6) Ascertain that each and every nut and bolt is securely tightened to its maximum!

STEP 7) Load up to 42 folding chairs on chair rack. Then load up to six tables on each side of the bottom of unit. Once loaded, secure tables using both of the provided bungee cords. Start by inserting one end of the cord into holes located on steel table holders (Part D) at bottom of unit then pulling around over tables and inserting second end of cord into holes on the corresponding steel table holders.

OPTIONAL STEP 8) Attach optional coat rods to the chair hanging rods (on parts B), use as coat rack when chairs are out.

## Model # 42-8 Table/Chair Storage Truck Assembling unit with Optional EXT-8 Extender bar\*

**ASSEMBLY :**

STEP 1) Ascertain that there are NO missing or damaged parts.

STEP 2) While holding up one side of the “T” side-bar (Part A), bolt crossbeam (Part C) into the middle set of holes. **NOTE:** This set of holes has three holes. Use either the two lower or two higher ones for installation.

STEP 3) Take the other side “T” bar (Part A), and bolt it to crossbeam (Part C) in the middle set of holes.

STEP 4) Take one EXT-8 bar (Part E) and place the wider part over the top of the “T” bar (Part A). Align the two holes of the EXT-8 bar with the holes of the “T” bar and bolt them in.

STEP 5) Take the other EXT-8 bar (Part E) and do the same to the other “T” bar.

STEP 6) Take the Chair rack (Part B), and bolt it to the set of holes on top of the EXT-8 bar.

STEP 7) Finally, bolt other crossbeam (Part C), into the bottom sets of holes on both “T” side-bars (Parts A).

STEP 8) Ascertain that each and every nut and bolt is securely tightened to its maximum!

STEP 9) Load up folding chairs on chair rack. Then load up to six tables on each side of the bottom of unit. Once loaded, secure tables using both of the provided bungee cords. Start by inserting one end of the cord into holes located on steel table holders (Part D) at bottom of unit then pulling around over tables and inserting second end of cord into holes on the corresponding steel table holders.

OPTIONAL STEP 8) Attach optional coat rods to the chair hanging rods (on parts B), use as coat rack when chairs are out.

\* The EXT-8 Extender bar should be used to accommodate the following NPS chairs: 3200 series, 1100 series and 600 series
